**South Carolina Child Support Guidelines
Day Care Tax Credit Thresholds for 1999**

Under most circumstances, custodial parents who incur day care expenses should be given credit for 75% of the day care costs paid. This reflects the net of the federal income tax credit which is given for day care expenditures. However, lower income custodial parents may have an income level which effectively negates the benefit of this tax credit. Custodial parents with gross income less than the following threshold amounts should be given credit for 100% of actual day care expenditures when calculating guidelines amounts. These amounts will be updated each year as changes are made to the federal income tax code.

	One Child	Two Children	Three Children	Four Children	Five Children	Six Children
Custodial Parent Monthly Income	\$1,167	\$1,629	\$1,842	\$2,054	\$2,267	\$2,479
